RUSTIC SLATE AESTHETIC

shown on front: **29914 12x12** & **12x24** Delta Haze

Continent features strong graphics and tones that meld into powerful statements. Natural colors in calm shades are complemented by a strong surface texture reminiscent of slate with long linear clefing. All elements work together to create a rustic yet refined aesthetic.

Pressed field tile formats in 12x12 and 12x24 are available in two earth-toned color options. Delta Haze is a warm gray and Coastal Sand is true to its name with elements of light tan and

cream throughout the graphic. A bullnose, chair rail, and chair rail stop in each color complete the line.

Continent is appropriate for most interior applications in both residential and commercial settings. It is made in the USA in our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY. It includes pre-consumer recycled content and is GREENGUARD® and Porcelain Tile certified.
