TIDES

Florida Tile's Tides is a stylized interpretation of vein cut limestone known as "Georgette". It is a stunning play of tone-on-tone colors that creates a contemporary aesthetic. Using Florida Tile's HDP-High Definition Porcelain® technology we are able to create a unique tonal blend within the veining to add interest and depth to each graphic.

This glazed porcelain floor and wall tile is available in pressed 12x24 and a rectified 3.75x12 in three color options: Sea Salt, Marine Fog, and Sand Castle. Also featured in each color is a

unique patterned 25-piece mosaic that rotates each chip 90 degrees creating a wonderful checkerboard pattern. A 3x24 bullnose completes the line.

Tides is appropriate for most applications in both residential and commercial settings. It is made in the USA in our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY. It includes pre-consumer recycled content and is GREENGUARD® and Porcelain Tile certified.
