AVENTIS HDP High Definition Porcelain

shown on front: **AT3RF 12x24 & 24x24** Titanium

Inspired by the grit of urban landscape, Aventis^{HDP} exemplifies contemporary design. A concrete look with a six-color palette of striking beiges, greys, and olives, this collection propels a spirit of minimalism into focus. Understated shade variations deliver a monochromatic tone while a smooth, yet tactile surface allows the slightest shimmer of reflection. This sleek collection creates lasting sophistication for any high-traffic space.

With large-scale commercial or contemporary residential installations in mind, Aventis^{HDP} color body floor and wall tile is engineered for optimal durability and performs to the highest industrial standards of certified porcelain. Both 12x24 and 24x24 formats are rectified. A 3x12 bullnose and 25-piece mosaics in every color complete the collection.

Manufactured using proprietary HDP—High Definition Porcelain® printing technology, Aventis^{HDP} is appropriate for residential and commercial settings. It is made in the USA at our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY, and includes pre-consumer recycled content. It meets the DCOF AcuTest® requirements to be installed in wet areas and is GREENGUARD® and Porcelain Tile certified.
