Time 2.0
Through Body Porcelain Floor & Wall Tile

Aptly named, Time/2.0 is the latest generation of Florida Tile manufacturing technology. Utilizing the latest processes in double loaded porcelain manufacturing, Time/2.0 delivers a highly durable commercial grade Through Body Floor and Wall surface. Different from traditional marble veining or the “salt and pepper” double loaded looks, Time/2.0 is a contemporary evolution of what today’s specifications require.

The extensive color palette consists of 9 colors ranging from a Snow white to a deep Black. Each individual color is comprised of a solid body pigment that sets the overall tone of each tile. The smooth rich body is then decorated with slightly contrasting shades, created by individual granules of color that vary in dimension depth, thickness and pattern. These granules create a unique tone-on-tone effect unlike any other tile in the market. The beauty of the line comes from this simple play on color that on the surface seems simple, but is a complex balance of shade tone and texture.

Consistent with the current trend of earthy neutral colors, Time/2.0 is destined to be a staple in any design library. Available in 3.75x12, 12x12, 6x24, 12x24, and 24x24 formats and in 3 finishes natural, polished and textured; all with rectified edges. Trims include polished and natural bullnose in 3x12, as well as cove base and corners. Decorative mesh-mounted mosaics are available in the standard M12 mosaic, as well as, in a 12x24 RSP mosaic that combines colors and textures to create 3 exceptional palettes.

Time/2.0 is Certified Porcelain Tile, GREENGUARD® Gold Rated and suitable for all commercial and residential floor, wall and countertop applications.

Time 2.0

Typical Uses

Time/2.0 through body porcelain floor and wall tile is appropriate for all residential and commercial wall, countertop and backsplash applications, all residential and most commercial floor applications.

Notice: Not all flooring products are suitable for wet areas, specialized applications or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI A137.1) for ceramic, stone and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED points and the ANSI approved NAHB Green Building Points.

Properties (Floor)	ASTM	ANSI	Results ¹ Natural	Results ¹ Textured	Results ¹ Polished
DCOF AcuTest ²	A326.3	≥0.42	Pass	Pass	Fail
Surface Hardness	Mohs Scale	N/A	7 Mohs	7 Mohs	7 Mohs
Break Strength	C-648	250 lbf	850 lbf avg	850 lbf avg	750 lbf avg
Deep Abrasion ³	C-1027	N/A	P1	P1	P1
Water Absorption	C-373	≤0.5%	Conforms	Conforms	Conforms

¹ These tests are performed by a 3rd party testing lab using industry standard equipment and techniques. Values are offered in good faith as being accurate and typical of normal production. Due to the natural variation of raw materials and manufacturing processes, the values of the purchased product for any particular installation may vary.

² ANSI A326.6 standard, ceramic tiles selected for level interior spaces expected to be walked upon when wet must have a minimum wet DCOF AcuTest value of 0.42.

³ P1 is the highest durability rating an unglazed tile can achieve and should be suitable for the most demanding applications.

Field Tile

Nominal Size ¹	Metric (cm)	Pcs./Sq Ft ²
3.75" x 12"	9.5 x 30	3.25
12" x 12"	30 x 30	1
6" x 24"	15 x 60	1
12" x 24"	30 x 60	.5
24" x 24"	60 x 60	.25

Trim

Trim Name	Shape	SKU	Nominal Size
Bullnose		P43C9	3"x12"
Cove Base		P36C9	6"x12"
Cove Base Corner		PB3169	6"x1"

Color Variations

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.

V2 = Slight Variation

Distinguishable differences in texture and/or pattern with similar colors
