COLOR BODY PORCELAIN FLOOR & WALL TILE

floridatile

# MAGNOLIA<sup>HDP</sup>

High Definition Porcelain

shown on front: **28395 8x36 Mahogany**

Magnolia<sup>HDP</sup> takes inspiration from the fragrant tree unmatched in its year-round beauty. Combining large-grain patterns and gentle saw marks that mimic minor imperfections inherent to natural hardwoods, this collection provides the durability of porcelain tile without the maintenance and worries of a real wood.

Available in 8x36 pressed planks, Magnolia<sup>HDP</sup> features six beautiful color options: Four classic wood stain colors: Chestnut, Mahogany, Burl and Cherry; and two contemporary colors: Ash and Fir.

Manufactured using proprietary HDP—High Definition Porcelain® printing technology and with the technical performance of porcelain, the Magnolia<sup>HDP</sup> collection is appropriate for residential and commercial wall, countertop, backsplash, and most floor applications. It is made in the USA in our Green Squared Certified®, Advanced Manufacturing Center in Lawrenceburg, KY and includes pre-consumer recycled content. It meets the DCOF AcuTest® requirements to be installed in wet areas and is GREENGUARD® and Porcelain Tile certified.

Porcelain Technical Data Properties (Floor)	ASTM®	ANSI®	Results¹
<b>DCOF AcuTest®²</b>	A137.1	≥ 0.42	Pass
<b>Surface Hardness</b>	Mohs Scale	N/A	7 Mohs
<b>Break Strength</b>	C-648	≥ 250 lbf.	≥ 420 lbf. avg.
<b>Water Absorption</b>	C-373	≤ 0.5%	≤ 0.5%³
<b>Intended Use⁴</b>	N/A	N/A	Residential Light Commercial

¹ Values are offered in good faith as being accurate and typical of normal production. Due to the natural variation of raw materials and manufacturing processes, the values of the purchased product for any particular installation may vary.

² ANSI® A137.1 standard, ceramic tiles selected for level interior spaces expected to be walked upon when wet must have a minimum wet DCOF AcuTest® value of 0.42.

³ Average production value.

## Typical Uses

Magnolia<sup>HDP</sup> color body porcelain floor and wall tile is appropriate for residential and commercial wall, countertop, backsplash, and most floor applications.

Notice: Not all flooring products are suitable for wet areas, specialized applications, or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI® A137.1) for ceramic, stone, and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED® points and the ANSI® approved NAHB® Green Building Points.

Field Tile Nominal Size (in)¹	Metric (cm)	Pcs./Sq Ft²	Thickness³	Edge
<b>8x36</b>	20x90	.5	9mm⁴	Pressed

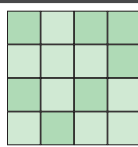

¹ These values may vary from lot to lot.

² These values are based on actual sizes including the grout joint.

³ May not apply to textured surfaces or tiles with uneven back patterns such as mesh mounted mosaics.

⁴ In order to enhance manufacturing efficiencies this product has been modified to a 9mm thickness. During implementation of this modification, some 11mm products will remain available. Please confirm the thickness of your product at time of order.

## Color Variation

### V2 Slight Variation

Clearly distinguishable differences in texture and/or pattern with similar colors.

Color, texture, and finish variations may occur due to the nature of the product.

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.
