Marquis^{HDP} by Florida Tile is the new benchmark floor and wall collection, designed to deliver the most popular and best selling natural stone colors from our PietraArt line. Inspired by the elegance and grandeur of luxury marble tiles, the Marquis^{HDP} delivers an uncompromising level of color and variation using our HDP–High Definition Porcelain® printing technology.

From the palace of Versailles to the stately chateaus of French nobility, a sea of the finest natural marbles always surrounded the grandeur and decadence of an aristocratic lifestyle. The quality, colors, styles and ambience of the Marquis^{HDP} by Florida Tile delivers a small sense of that character to your installation.

Five contemporary colors are delivered in a smooth natural finish for the porcelain floor tiles and a glossy surface in the ceramic wall. This premium line is decorated with several listello options for each color of field tile, chair rails and corners, mosaics and bullnose.

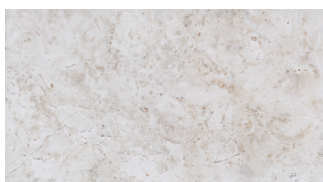

Marquis^{HDP} has been tested and passed the DCOF AcuTest for commercial floor installations, is GREENGUARD® and Porcelain tile Certified, includes up to 40% pre-consumer recycled content and with the exception of decorative trims and ceramic wall tiles, is made in the USA.
