# RELIVE HDP

High Definition Porcelain®

shown on front: **34132 8x48** Florida

Relive<sup>HDP</sup> from Florida Tile brings the durable, weathered beauty of reclaimed wood indoors. The graphic on each plank conveys a history derived from this beautiful wood's previous life. The knots, splits, stains, and markings from natural weathering create a sense of warmth while telling a story of quality and longevity.

Four distinct and dramatic colors have been created using HDP—High Definition Porcelain® printing technology, Alaska, Florida, Oregon, and Montana are each inspired by the richness and unique character of their namesakes. With Alaska, you'll find light, smoky grays atop a soft, neutral taupe background. Florida's light, cream-colored surface boasts weathered hints of gray. Oregon combines a mid-range brown with sporadic dark ash flourishes. Montana, the darkest of these recovered wood

looks, blends a range of light and dark browns with hushed washes of gray.

Available in a rectified 8x48 format Relive<sup>HDP</sup> is a wide plank that is casual and yet chic. It works beautifully in all spaces and can be installed in a straight lay for a traditional room or try a diagonal or herringbone layout for a more contemporary look.

Manufactured using proprietary HDP—High Definition Porcelain® printing technology, ReliveHDP is appropriate for most applications in both residential and commercial settings. It meets DCOF AcuTest® requirements to be installed in wet areas and is GREENGUARD® and Porcelain Tile certified.

## Typical Uses

Relive<sup>HDP</sup> glazed porcelain floor and wall tile is appropriate for most residential and commercial wall, countertop, backsplash, and floor applications.

Notice: Not all products are suitable for wet areas, specialized applications, or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI® A137.1) for ceramic, stone, and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED® points and the ANSI® approved NAHB® Green Building Points.

Color, texture, and finish variations may occur due to the nature of the product.

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.

Country of origin and other product features and characteristics are subject to change due to manufacturing efficiencies and other factors. See retailer or product packaging to verify country of origin and other product characteristics.

<b>8x48</b>	20x122	.387	8.5mm⁴	Rectified

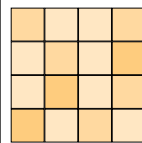

¹ These values may vary from lot to lot.

² These values are based on actual sizes including the grout joint.

³ May not apply to textured surfaces or tiles with uneven back patterns such as mesh mounted mosaics.

⁴ In order to enhance manufacturing efficiencies the thickness of this product has been modified. During implementation of this modification, products with original thickness may still be available. Please contact customer care to confirm the thickness of your product at time of order.

## Color Variation

### V3 Moderate Variation

While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece may vary significantly. For example "that little bit of color" on one piece of tile may be the primary color on the next piece.
