Wexford HDP  
High Definition Porcelain®  
BY floridatile

Shown: 35307 12x24 Linen

Wexford<sup>HDP</sup> is a warm, artisanal fabric look brought to life with proprietary High Definition Porcelain<sup>®</sup> technology by Florida Tile. The graphic is a beautiful representation of burlap that includes semblances of interlacing fabric strands and subtle nuances of pattern shift. A light punch and specialized glaze create a soft appearance and delicate texture that combine for a fashionable statement – perfect for any commercial or residential application.

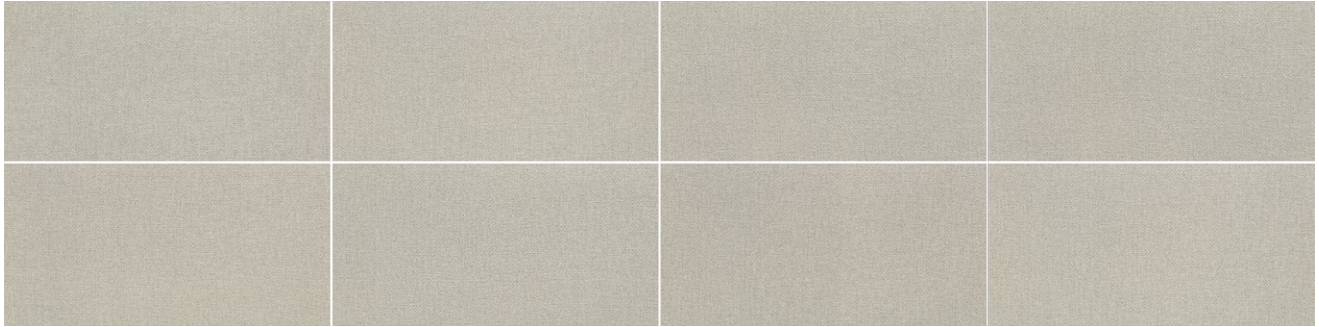

This color body glazed porcelain tile comes in multiple formats – 24x24, 12x24, 8x24, and 4x12, all rectified. Classic colors of Linen- a creamy off-white, Muslin- a light beige, Burlap- a medium taupe, Wool- a light blue/gray, and Tweed- a dark gray, all complement one another, allowing you to mix and match to create a uniquely inspired space. Two mixed-color rhomboid mosaics come in either light or dark mixes. A straight-stack mosaic and bullnose are also available in all five colors.

Made in the USA in our GreenSquared<sup>®</sup> certified Advanced Manufacturing Center in Lawrenceburg, KY Wexford<sup>HDP</sup> contains 40% pre-consumer recycled content. It meets the DCOF AcuTest requirements to be installed in wet areas and is GREENGUARD<sup>®</sup> and Porcelain Tile certified. Incorporated into the tile surface is Microban<sup>®</sup> antimicrobial technology that works continuously to inhibit bacteria growth, improve visible cleanliness, and reduce odors.

## Typical Uses

Wexford<sup>HDP</sup> glazed porcelain floor and wall tile is appropriate for all residential and commercial wall, countertop and backsplash applications, all residential and most commercial floor applications.

This collection features patented Microban<sup>®</sup> technology that consists of treating the ceramic material with a formulated antimicrobial additive capable of expressing high antimicrobial efficacy using established international laboratory protocols.

Notice: Not all flooring products are suitable for wet areas, specialized applications or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI A137.1) for ceramic, stone and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED points and the ANSI approved NAHB Green Building Points.

Properties (Floor)	ASTM	ANSI	Results <sup>1</sup>
DCOF AcuTest <sup>2</sup>	A137.1	≥0.42	Pass
Glaze Hardness	Mohs Scale	N/A	7 Mohs
Break Strength	C-648	250 lbf.	470 lbf. avg.
Water Absorption	C-373	<0.5%	<0.5%

<sup>1</sup> These tests are performed by a 3rd party testing lab using industry standard equipment and techniques. Values are offered in good faith as being accurate and typical of normal production. Due to the natural variation of raw materials and manufacturing processes, the values of the purchased product for any particular installation may vary.

<sup>2</sup> ANSI A137.1 standard, ceramic tiles selected for level interior spaces expected to be walked upon when wet must have a minimum wet DCOF AcuTest value of 0.42.

Field Tile Nominal Size <sup>1</sup>	Metric (cm)	Pcs./Sq Ft <sup>2</sup>	Thickness <sup>3</sup>
4" x 12"	10 x 30	3	10mm
8" x 24"	20 x 60	.75	10mm
12" x 24"	30 x 60	.5	10mm
24" x 24"	60 x 60	.25	10mm

<sup>1</sup> These values may vary from lot to lot.

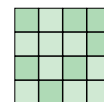

<sup>2</sup> These values are based on actual sizes including the grout joint.

<sup>3</sup> May not apply to textured surfaces or tiles with uneven back patterns.

Trim	Shape	SKU	Nominal Size	Metric (cm)
Bullnose		P43N9	3" x 24"	7.5 x 60

## Color Variations

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.
