

DISTILLERY

GLAZED PORCELAIN FLOOR & WALL TILE

floridatile

DISTILLERY

shown on front: **DIS30 8x48** Spirit

From the handmade charred white oak barrels to the towering racks of the decades old rickhouses comes the inspiration for Florida Tile's Distillery wood collection. Like the smooth, soft finish of a 20-year-old single batch bourbon, it creates a mood of cool sophistication. The warmth of the natural oak lives on through the centuries with the strength and durability of the harvested planks. Combined with a spirit that is simple, clean, and modern, these elements work together as one tangible unit.

Starting with a graphic almost completely devoid of knots, the concept was born. A wide-open pattern, linear but with some contrast in variation, became a contemporary vision. Distillery is the future of wood look porcelain. The surface is a natural matte finish with a delicate punch and minimal pitting that features a mild texture to complement the grain. With an 8x48 rectified format, Distillery brings the large-scale concept up to date with natural wood planks in the market.

The color palette is on-trend with three bold shades of grey, from warm to cool to dark – Spirit, Barley, and Proof, the target is thoroughly modern. Even the more traditional tones of light and dark brown – Wheat and Malt, are given the slightest gray flair to work within the line. A unique large format hexagon patterned twist mosaic provides an interesting decorative highlight.

Distillery glazed porcelain floor and wall tile is appropriate for most residential and commercial wall, countertop, backsplash, and floor applications. It is entirely made in the USA in our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY. It contains pre-consumer recycled content and is GREENGUARD® and Porcelain Tile certified.

Technical Specifications	Results ¹
ANSI® A326.3²	Interior, Wet Plus (IW+)
Surface Hardness	7 Mohs
Break Strength	≥ 350 lbf. avg.
Water Absorption	≤ 0.5% ³
Intended Use⁴	Residential, Light Commercial & Heavy Commercial

¹ Values are offered in good faith as being accurate and typical of normal production. Due to the natural variation of raw materials and manufacturing processes, the values of the purchased product for any particular installation may vary.

² For more information, visit floridatile.com/productuseclassifications.

³ Average production value.

⁴ Please visit www.floridatile.com/intended-use for further details.

Field Tile Nominal Size (in) ¹	Metric (cm)	Pcs./Sq Ft ²	Thickness ^{3,4}	Edge
8x48	20x122	.375	9mm	Rectified

¹ These values may vary from lot to lot.

² These values are based on actual sizes including the grout joint.

³ May not apply to textured surfaces or tiles with uneven back patterns such as mesh mounted mosaics.

⁴ In order to enhance manufacturing efficiencies the thickness of this product has been modified. During implementation of this modification, products with original thickness may still be available. Please contact customer care to confirm the thickness of your product at time of order.

Typical Uses

Distillery glazed porcelain floor and wall tile is appropriate for most residential and commercial wall, countertop, backsplash, and floor applications.

Notice: Not all flooring products are suitable for wet areas, specialized applications, or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI® A137.1) for ceramic, stone, and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED® points and the ANSI® approved NAHB® Green Building Points.

Color Variation

V2 Slight Variation

Color, texture, and finish variations may occur due to the nature of the product.

Notes:

Country of origin and other product features and characteristics are subject to change due to manufacturing efficiencies and other factors. See retailer or product packaging to verify country of origin and other product characteristics.

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.
