Classic designs paired elegantly with modern formats make Florida Tile's Ainslee Park® the perfect option for today's easy eclectic spaces. Marble looks feature bold graphics that allow each color to be a standout in the crowded world of interior decor. Glossy ceramic wall and matte porcelain floor tile coordinate beautifully to allow for a continuous design theme throughout any space.

Four distinct colors: Breccia Mist is a cool gray with strong veining of dark smoke and wispy whites. Emperador Beige is a warm sandy neutral with a bright elaborate vein. Calacatta Gold is evocative of its namesake stone featuring a thick gray vein graphic with a subtle gold undertone. Zebrino Taupe is the stunning zenith of this collection with linear veins of cool gray and warm taupe.

Glossy Ceramic wall tiles in a 12.1x24.4 format and matte porcelain floor tiles are available in 3.75x12 (rectified), 12x12 and 12x24 formats. A diverse selection of mosaics and accessory pieces round out this flexible collection:

- 36-dot mesh-mounted mosaic in Breccia Mist, Calacatta Gold, and Emperador Beige
- 1x6 mesh-mounted, stack mosaic in Zebrino Taupe
- Hexagon mesh-mounted mosaic features a mix of Breccia Mist and Calacatta Gold
- 2x12 wall listellos in metallic tones of Brass or Steel
- Matte, porcelain 3x12 floor bullnose in all colors
- Glossy, ceramic 3x12 wall bullnose and 3x3 wall bullnose corner in all colors

Ainslee Park® glazed porcelain floor tile is appropriate for all residential and commercial wall, countertop and backsplash applications, all residential and most commercial floor applications. Glazed ceramic wall tile is appropriate for all residential and commercial wall, countertop and backsplash applications. With the exception of select trim, decorative and ceramic field tile, this line is made in the USA of 40% pre-consumer recycled content, is GREENGUARD® and Porcelain Tile certified.

¹ These tests are performed by a 3rd party testing lab using industry standard equipment and techniques. Values are offered in good faith as being accurate and typical of normal production. Due to the natural variation of raw materials and manufacturing processes, the values of the purchased product for any particular installation may vary.
² ANSI A137.1 standard; ceramic tiles selected for level interior spaces expected to be walked upon when wet must have a minimum wet DCOF AcuTest value of 0.42.
³ Class II Not recommended for floors; Class I Light Residential, Class II Residential, Class III Heavy Residential or Light Commercial, Class IV Commercial, Class V Heavy Commercial.
