Venture into a world of artistry and elegance with Enchant<sup>HDP</sup> from Florida Tile. Step back in time - or blaze a path forward with this exquisite representation of regal marbles that blur the secrets of history with the essence of contemporary design. Give into your fantasies and surround yourself with luxury and aspiration that speak confidently of a refined world. Create a space that is at once romantic, serene, and exotic.

This exquisite line of glazed porcelain floor and wall tile brings four stunning marble looks, once only available to the elite few, to the modern market.

**Beauty** captures the delicate and varied silver tones of linear cut Palissandro marble, a highly sought after and unique material that is mined from centuries-old quarries in the Eastern Alps.

**Charm** conveys the splendor of Fior di Bosco marble. The varied warm taupe grays, touches of light beige, and striking cream-to-brown veining make this look a visual jewel.

**Grace** exudes the noble refinement of Crema Marfil marble with a pale beige background and subtle touches of gold, cinnamon, and creamy white.

**Honesty** is an enchanting dance of soft whites and nebulous grays in a beautiful interpretation of classic white Arabescato marble.

Each color and finish of this line is available in 3.75x12, 8x24, 12x24, and 24x24 formats as well as 3" hexagon mosaics. A 36-piece mosaic comes in the matte finish only. Completing the line are bullnose, ingot listellos, chair rail, and chair rail stop trim pieces in each color.

Enchant<sup>HDP</sup> glazed porcelain floor and wall tile is appropriate for all residential and commercial wall, countertop, and backsplash applications. Matte finish tiles are appropriate for all residential and most commercial floor applications. With the exception of wet areas, tiles featuring the polished finish are suitable for most residential floor applications. All matte finished tiles, mosaics, and trim pieces in this line are produced in the USA at our Green Squared<sup>®</sup> certified Advanced Manufacturing Center located in Lawrenceburg, KY. These contain up to 40% pre-consumer recycled content and are GREENGUARD<sup>®</sup> and Porcelain Tile certified.

<sup>1</sup> These tests are performed by a 3<sup>rd</sup> party testing lab using industry standard equipment and techniques. Values are offered in good faith as being accurate and typical of normal production. Due to the natural variation of raw materials and manufacturing processes, the values of the purchased product for any particular installation may vary.  
<sup>2</sup> ANSI<sup>®</sup> A137.1 standard, ceramic tiles selected for level interior spaces expected to be walked upon when wet must have a minimum wet DCOF AcuTest<sup>®</sup> value of 0.42.  
<sup>3</sup> Average Production Value.  
<sup>4</sup> Class 0 Not recommended for floors, Class I Light Residential, Class II Residential, Class III Heavy Residential or Light Commercial, Class IV Commercial, Class V Heavy Commercial.  
<sup>5</sup> Class III: Beauty, Charm & Grace. Class IV: Honesty (matte).  
<sup>6</sup> Class II: Charm. Class III: Beauty, Grace & Honesty (polished).

### Color Variations

Color, texture, and finish variations may occur due to the nature of the product.

Note: Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.

### Typical Uses

ENCHANT<sup>HDP</sup> glazed porcelain floor and wall tile is appropriate for all residential and commercial wall, countertop, and backsplash applications. Matte finish tiles are appropriate for all residential and most commercial floor applications. With the exception of wet areas, tiles featuring the polished finish are suitable for most residential floor applications.

Notice: Not all flooring products are suitable for wet areas, specialized applications, or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI<sup>®</sup> A137.1) for ceramic, stone, and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED<sup>®</sup> points and ANSI<sup>®</sup> approved NAHB<sup>®</sup> Green Building Points.

### V3 Moderate Variation

While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece may vary significantly. For example "that little bit of color" on one piece of tile may be the primary color on the next piece.
