TUSCAN VILLA^{HDP}

High Definition Porcelain®

Shown on front: **TUV20 12x24** Cortona Beige & **Streamline 320 3x6** Buff

Tuscany is the Italy of your dreams. Ancient farmhouses built around cobblestone courtyards overlook sun-drenched valleys of lavender and cypress trees. Olive orchards dot the landscape and the view from every summit is sublime. The beauty is simultaneously awe-inspiring and welcoming. Fitting perfectly into this scene is Tuscan Villa^{HDP} from Florida Tile.

This traditional travertine inspired look has a modern palette and clean edges. The movement within each graphic and the premium glaze on the surface provides a luxurious distinction. A soft feel stands in strong contradiction to the extreme durability and slip resistance provided by this state-of-the-art glaze. The undulations on the surface create a subtle timeworn texture that transports you to the relaxed atmosphere of Tuscany.

Three fresh color choices enable this porcelain tile to stand out from the crowd. Arezzo Ivory stuns

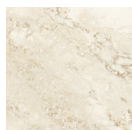

with a warm white base and swirls of light gray and fawn hues, Cortona Beige is imbued with a palette of beiges and golds over a base of alabaster, and Florence Silver is a dramatic blend of soft gray tones that fuse into a sterling nebula. Each color is available in 6x6, 12x12, and 12x24 field tiles, a 36 piece mosaic, and a 3x12 bullnose.

Manufactured using proprietary HDP—High Definition Porcelain® printing technology and with the technical performance of porcelain, the Tuscan Villa^{HDP} collection is appropriate for all applications in both residential and commercial settings. It is entirely made in the USA in our Green Squared Certified®, Advanced Manufacturing Center in Lawrenceburg, KY of 40% pre-consumer recycled content. It meets the DCOF AcuTest® requirements to be installed in wet areas and is GREENGUARD® and Porcelain Tile certified.

¹ These tests are performed by a 3rd party testing lab using industry standard equipment and techniques. Values are offered in good faith as being accurate and typical of normal production. Due to the natural variation of raw materials and manufacturing processes, the values of the purchased product for any particular installation may vary.

² ANSI[®] A137.1 standard, ceramic tiles selected for level interior spaces expected to be walked upon when wet must have a minimum wet DCOF AcuTest[®] value of 0.42.

³ Average production value

⁴ Please visit www.floridatile.com/intended-use for further details.

Typical Uses

Tuscan Villa^{HDP} glazed porcelain floor and wall tile is appropriate for all residential and commercial wall, countertop, backsplash, and floor applications.

Notice: Not all flooring products are suitable for wet areas, specialized applications, or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI[®] A137.1) for ceramic, stone, and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED[®] points and the ANSI[®] approved NAHB[®] Green Building Points.

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.

Color, texture, and finish variations may occur due to the nature of the product.

Color Variation

V3 Moderate Variation

While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece may vary significantly. For example "that little bit of color" on one piece of tile may be the primary color on the next piece.
