Amplify from Florida Tile cranks up the volume on design. This raucous mix of texture, pattern, and color awakens the senses and pushes boundaries. Its rhythmic forms invite you to imagine dramatic interior vistas – a world where artful intensions meet intelligent design, and spaces are created for both flare and function.

An intense color palate of deep blues, blacks, and whites creates a dynamic sense of energy. But that is only the beginning. The patterns and textures featured in five three-dimensional offerings visually punctuate the personality of this line by offering a graceful play of light and shadows. The fluid structure of Dune, Reef, and Wind creates the impression of continuous movement, while the geometric elements of Rise and Arid make poised statements.

Rectified 12x24 and 14x39 formats are available in an eclectic array of colors and finishes.
