EXPRESS YOURSELF

shown on front: **NY260 12x24** Gramercy Gray & **NY285/M12POLY** Cool Mix Polygon Mosaic (waterjet-cut)

No two cities are more symbolic of the modern metropolis than New York and Los Angeles. Inspired by these epicenters of contemporary design and popular culture, NY2LA targets the modern aesthetic. Compelling characteristics of cement and plaster fuse into a porcelain representation of urban sophistication. Graphics are created by hand, starting from recycled pavers and then precisely layering raw elements, sanding, tinting and repeating. The graceful movement of color and subtle texture create a look that is both industrial and urbane.

Color body field tile is available in multiple rectified formats – 3.75x12, 12x24, 24x24, 24x48 and a waterjet-cut polygon shape that measures 21.5x29.5. Each NY2LA format boasts of gorgeous shade variations in each of the six color choices: Malibu White, Brentwood Beige, Riverside Steel, Tribeca Taupe, Gramercy

Gray, and Chelsea Black. Completing the line are bullnose and 36 piece mosaics in each color, and two waterjet-cut polygon mosaics that come featured in a warm or cool mix.

Manufactured using proprietary HDP—High Definition Porcelain® printing technology, NY2LA is appropriate for most applications in both residential and commercial settings. It is entirely made in the USA in our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY, of pre-consumer recycled content. It meets the DCOF AcuTest® requirements to be installed in wet areas and is GREENGUARD® and Porcelain Tile certified. Incorporated into the tile surface is Microban® antimicrobial technology that works continuously to inhibit bacteria growth, improve visible cleanliness, and reduce odors.
