# ESSENCE OF NATURAL MARBLE

From the exquisite beauty of Calacatta marble emerges Precious, from Florida Tile that captures the essence of the most sought-after natural stone in the world. Inspired by the unique marked graphics in the Italian stone, Precious is a distinct expression of refined taste.

Intense gray veins stand out from the crystalline white background endowing it with a depth and movement that enlivens spaces. The random pattern, the structured surfaces of the decors, and the natural and polished finishes are elements that elevate any atmosphere – classical or modern.

Rectified, porcelain floor tiles in a natural finish are available in 12x24. Rectified, ceramic wall tiles in a polished finish are available in 5x14 (cut), 14x27, and 14x39. Two mosaics: a 12x12 made of

ceramic wall tile showcasing a modern mix of the polished and matte finishes combined in an elongated hexagon pattern, and a 12x12 herringbone pattern in natural finish suitable for wall or floor, provide endless design options.

Precious also features a 14x27 ceramic wall deco with a chic, three-dimensional wave pattern in a polished finish, adding a bold twist to the classic Calacatta stone look. Trims including bullnose for floor walls and corner complete this line.

With the exception of select trim, decorative and ceramic pieces, Precious is made in the USA of pre-consumer recycled content, is GREENGUARD® and Porcelain Tile certified.
