CERAMIC QUARRY FLOOR & WALL TILE

floridatile

shown on front: **7731T 6x6** Red (MetroTread®)

Natural, high-density, all-weather performance. Florida Tile's Metropolitan Quarry has the distinction of being an unglazed ceramic quarry tile, made in the United States. It can be installed inside or out, is frostproof, and maintains high-quality style, and durability. Color throughout the body of the tile supports wearability. Wearing, over time, actually produces a natural patina and deeper character. Where performance and style is required, Metropolitan Quarry is the right choice. The modular sizes and blendable colors of this indoor/outdoor unglazed quarry tile support an unlimited palette of pattern combinations.

Typical Uses

Metropolitan Quarry ceramic quarry floor and wall tile is appropriate for most residential and commercial, wall, countertop, backsplash, and floor applications.

Notice: Not all flooring products are suitable for wet areas, specialized applications, or commercial use. Please refer to the American National Standard Specifications for Ceramic Tile (ANSI® A137.1) for ceramic, stone, and glass installation for specific usage and installation information.

This Florida Tile product will contribute to USGBC LEED® points and the ANSI® approved NAHB® Green Building Points.

Color Variation

V1 Uniform Appearance

Color, texture, and finish variations may occur due to the nature of the product.

Notes:

Country of origin and other product features and characteristics are subject to change due to manufacturing efficiencies and other factors. See retailer or product packaging to verify country of origin and other product characteristics.

Color reproductions in this printed piece may vary from actual tile colors. Final selection should be made from actual tile samples.
